

Hello!

We're checking in to provide tips on your Praos Health app setup. You should've received the **activation SMS/email** and hopefully have set a **password**.

If your invitation link has expired, please contact us at **support@praoshealth.com**

To View Jobs

Jobs are uniquely matched to your area of expertise, license, and location preferences.

To help us get you the best jobs, please complete the **Profile** and **License & Certifications** tabs in your Professional Briefcase by completing these 3 items:

- 1 Work Preferences** - there are hundreds of travel nursing opportunities waiting for you. We want to bring you the most relevant jobs in cities and states that you have selected.
- 2 Last 4 SSN and Date of Birth** - license verification is now automated with Nursys and the BONs. Your information *is secure and never shared with job applications and will always be up-to-date.*
- 3 License, Specialty, and Certifications**

Complete these to receive tailored job alerts and renewal reminders.

When you **save** the *License & Certifications* tab, you will start receiving matching jobs.

Download the App and Start Applying

Your recruiter will need the following in order to submit your application.

Skills Checklist

Resume &

References

So, complete them on time and get ahead of your competition. The *rest of the Briefcase is optional* and helps you store all your career documents in one place.

Don't worry - the Briefcase will help guide you. Make sure to click on **Finish Briefcase** in the documentation tab when done.

Once complete, you can apply to as many jobs as you'd like.

Need to talk to your recruiter? Want to hear more about a job?

Simply click on the **phone button** in the job detail screen.
